## CONDITIONS OF SALE

---

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of the Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of the Scottish Shorthorn Breeders' Association, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a bull or heifer.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates' Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all faults otherwise, with the exception that if a bull has only one Testicle down, the Owner must make intimation to this effect in the Catalogue. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Company at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum*

*per Annum* and for the keep of, and any other expense incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Sale Roll.
- (b) The option to test shall only operate in the case of bulls realising 75 guineas or over, and females realising 50 guineas or over. The Purchaser may require the Intradermal or Subcutaneous Test for Tuberculosis. The Purchaser may also require the animal to be submitted to an Agglutination Test for Contagious Abortion at a Laboratory approved by the Ministry of Agriculture, and to a test for Johne's Disease with the biological product known as Johnin. Notice in writing of the intention of the purchaser to carry out such tests must be given to the Auctioneers before, or immediately after, termination of the Sale.
- (c) The test shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be chosen by the Auctioneers.
- (d) The test or tests shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing. The time for testing shall be limited to three weeks after Sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable.
- (e) The declaration of the chosen Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the test, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to test is exercised, the Auctioneers shall be entitled to retain the price until the result of the test is declared.
- (h) The expense of any such test or tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within sixteen weeks from the date of the Sale, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within sixteen weeks of the Sale. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull or within sixteen weeks of the Sale, whichever is the earlier date.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females born after 1st August, 1954, must be certified to have passed the Agglutination Test for Contagious Abortion within three months of date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to an approved laboratory. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. The entry of any animal which has not passed the Agglutination Test but which has been vaccinated, can only be accepted providing that one of the following certificates (signed by a Veterinary Surgeon) is supplied:—

- (a) That the animal was inoculated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or

- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale, or
- (c) That the animal having been previously vaccinated in accordance with either (a) or (b) was re-vaccinated within three years of the previous vaccinations and not more than three years prior to date of Sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this Condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be established and made as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Shorthorn animal registered in Coates' Herd Book and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

## SPECIAL PRIZES

### **Class XVII.—Champion Heifer—The “Dunmore Park” Challenge Cup**

A Cup, to be known as the “Dunmore Park” Challenge Cup, presented by the late Mr. P. Forbes Jones, of Dunmore Park, Larbert, for the Best Shorthorn Heifer, bred by the Exhibitor, and calved on or after 1st December, 1955. The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession. Animals competing must have passed the Tuberculin Test.

### **Class XVIII.—Best Pair of Heifers— The “D. M. Stewart Memorial” Trophy**

A Challenge Cup, to be competed for annually, to be known as the “D. M. Stewart Memorial” Trophy, will be awarded for the Best Pair of Heifers bred by Exhibitor.

### **Class XIX.—Best Two Bulls—The “Bapton” Cup**

A Cup, to be known as the “Bapton” Cup, presented by Cecil Moores, Esq., Cairnbrogie, Oldmeldrum, for the Best Two Bulls, one to be calved before 1st March, 1957, and not exceeding  $2\frac{1}{2}$  years old, and the other one to be calved on or after 1st March, 1957. The Cup must be won Three Times in succession by any one Exhibitor, or Five Times altogether before becoming his property.

### **Class XX.—Best Three Bulls—Auctioneers’ Challenge Cup**

A Silver Challenge Cup, the property of the Auctioneers, to be competed for annually, will be given for the Best Three Bulls in the Showyard, calved on or after 1st August, 1956, and bred by the Exhibitor or bought in as calves, and to have been in the Exhibitor’s possession at least three months previous to the date of the Show.

### **Class XXI.—Best Three Bulls by same Sire— The “Pittodrie” Challenge Cup**

A Cup, to be known as the “Pittodrie” Challenge Cup, presented by R. Laidlaw Smith, Esq., Pittodrie, Pitcaple, Aberdeenshire, for the Best Group of Three Bulls by the same Sire, the Sire and Dams to be in the possession of the Exhibitor at the date of the Show (death of the Dams or Sire in the Owner’s possession not to count against an Exhibitor). The Cup to be won outright by an Exhibitor winning it Three Times in succession, or Five Times altogether, not necessarily in succession.

### **Class XXII.—Best Five Bulls—The “Lovat” Cup**

A Cup, to be known as the “Lovat” Cup, presented by Brigadier The Lord Lovat, D.S.O., M.C., Beaufort Castle, Beauly, for the Best Group of Five Shorthorn Bulls, bred by an Exhibitor, to be won Five Times in succession before becoming the Breeder’s property outright.

**Class XXIII.—Best Two-year-old Bull—  
The “D. M. Stewart Memorial” Trophy**

A Challenge Punchbowl, to be competed for annually, to be known as the “D. M. Stewart Memorial” Trophy, will be awarded for the Best Two-year-old Bull.

**Class XXIV.—Senior Champion Bull—The “Millhills” Cup**

A Cup, to be known as the “Millhills” Cup, presented by the late D. M. Stewart, Millhills, Crieff, for the Best Shorthorn Bull bred by the Exhibitor, and calved before 1st March, 1957, and not exceeding  $2\frac{1}{2}$  years old. The Cup must be won either Three Times in succession by any one Exhibitor, or Five Times altogether, before becoming his property.

**Class XXV.—Junior Champion Bull—The “Second Linzee Gordon” Trophy**

The Cup, to be known as the “Second Linzee Gordon Trophy,” presented by Mrs. Claeson-Gordon, of Cluny Castle, for the Best Shorthorn Bull bred by the Exhibitor, and calved on or after 1st March, 1957. The Cup must be won either Three Times in succession by any one Breeder or Five Times altogether, not necessarily in succession, before becoming his property. The Cup to be returned to Macdonald, Fraser & Co., Ltd., Perth, before 1st January, 1959.

**Class XXVI.—Supreme Champion Bull—The “Uppermill” Challenge Cup**

A Cup, to be known as the “Uppermill” Challenge Cup, presented by Mr. James Durno, Uppermill, for the Best Shorthorn Bull, not exceeding  $2\frac{1}{2}$  years old, bred by the Exhibitor.

**CONDITIONS OF COMPETITION FOR ABOVE CUP**

Animals must be entered for bona-fide sale at a Reserve Price not exceeding 100 guineas, and may not be bought back by the Exhibitor or return to his Farm or Herd. The Cup must be won Three Times by any one Breeder, but not necessarily in succession, and by different Bulls, before becoming his property. The Cup to be returned to Macdonald, Fraser & Co., Ltd., before 1st January, 1959.

**The “Centenary” Trophy**

Presented by Messrs. Macdonald, Fraser & Co., Ltd., to mark the occasion of the Centenary of the Firm, to be awarded to the owner of the Best Animal in the Show. The winner will retain the trophy.

**The “South Africa” Trophy**

Presented by Mr. Willem van Niekirk, Robertskraal, Cape Province, to commemorate the first occasion—1955—on which a South African Judge officiated at Perth Bull Sales, to be awarded annually to the winner of the October/November Class, that being the Class in which Mr. van Niekirk found the Supreme Champion.

**The “Herdsman’s” Cup**

This Cup will be known as the “Herdsman’s” Cup, presented by Señor A. M. Flores Pirán, Agricultural Attaché to the Argentine Embassy, London, to the Herdsman who brings out the Champion of the Show. The Cup will be presented in perpetuity, or may be won outright by a Herdsman who wins it for Three Years in succession, and is to commemorate the first occasion on which an Argentine Judge was responsible for the classification of Scotch Shorthorn Bulls at Perth.

**The Bapton Prize for Herdsman.**—£5 will be given by Cecil Moores, Esq., to the Herdsman in charge of the Champion Bull.

## REFERENCE TO SIRES

---

- (1) **BALDOWRIE BALMORAL** (7012), red — sire, Cruggleton Craigon (387100); dam, (416034) Baldowrie Broadhooks Hopeful by Phopachy Hope (381661); g.-dam (322399) Baldowrie Broadhooks by Cruggleton Prince Cecil (336247); 3rd dam, (268929) Rosemount Broadhooks Surprise by Garguston Gladiator (315329); 4th dam, (232350) Clyna Broadhooks Pride by Collynie Select (293332); 5th dam, (195609) Ranfurly Broadhooks Pride by Garguston Resolute (276947).

Cruggleton Craigon's first bull calf, Baldowrie Repulse, won his class at Perth, and was sold for 2900 guineas to Mr. Walker, Craigeassie. Baldowrie Repulse bred very well in the Craigeassie Herd, and is the sire of many high-priced animals, including the 1956 female champion and the 1957 reserve female champion.

The dam of Baldowrie Balmoral, Baldowrie Broadhooks Hopeful, is adjudged by the experts to be the best female in the herd, and is also the dam of Baldowrie Braemar, sold for 1000 guineas to Col. Dewhurst, Dungarhill.

The extended pedigree of Baldowrie Balmoral is printed above for the benefit of those interested in a sire showing a strong concentration of Cruggleton blood lines, and in this respect Cruggleton Perfect predominates.

Baldowrie Balmoral was chosen to be the senior herd sire by virtue of his tremendous masculine qualities, showing an outstanding head, with very large muscle, and with a wealth of bone and substance. In addition, his pedigree was the best available to follow his very successful predecessor, Kirkton Heir, in whose pedigree Calrossie and Cruggleton blood lines predominate.

- (2) **BURNTON BANKBOOK** (393827), supreme champion at Perth, was bought for the Beaufort Herd at 7300 guineas. On the only occasion that he was subsequently shown, Bankbook won the supreme championship at the Royal Highland Show at Edinburgh in 1955. His first crop of bull calves in 1956 averaged 1013 guineas, and in 1957, four calves grossed 8300 guineas, to average 2075 guineas apiece. Heifer calves by Bankbook have sold privately up to 1500 guineas, while, at a Draft Sale in 1956, his daughters made up to 620 guineas, and 14 head averaged £350.

- (3) **BEAUFORT COMMODORE** (396125)—sire, Beaufort Bulldozer.

Beaufort Commodore, a 5900-guineas bull by Beaufort Bulldozer, was used for two seasons in the Beaufort Herd, and has recently been sold for a very high figure to Mr. Sieff's Brimpton Herd in England. Commodore was the winner of the Casares Cup and junior championship at the Royal Highland Show at Dumfries in 1953, and went on to become supreme champion at the Royal Highland Show at Inverness in 1956. In the interval, he won championships at the Northern Counties' Show (beating the subsequent Perth champion, Calrossie Paramount), and he was also supreme champion at the

Keith, Black Isle, and Nairn Shows. He has won championships for his new owner at the Bath & West, Three Counties', and Royal Counties' Shows during the last year.

- (4) **BEAUFORT BULLDOZER** (381567)—sire, Craggleton Pentland Firth; dam, Orange Talisman by Craggleton Perfect.

Beaufort Bulldozer was champion at the Keith Show, the only time he was ever shown, and sold to Edellyn Farms, U.S.A., for 5000 guineas. He is out of the same famous cow as Beaufort Boludo, sold for 4000 guineas; Beaufort Orange Blossom, the show heifer sold to the U.S.A. for 1800 guineas; and Beaufort Bremen and Beaufort Blockbuster, who are both standing in leading herds in the Argentine. Five of Beaufort Bulldozer's calves averaged 1914 guineas at Perth in 1954. His first crop of calves at the Chicago International won the male, female, and grand championships.

- (5) **KAIR MASTERKEY** (4176), red roan, calved 7th April, 1955, bred by Mr. G. J. C. Anderson—sire, Calrossie Crocus Count (386892); dam, (381880) Kair Janet by Corrimony Golden Sovereign (373920).

He won 1st prize, junior champion, and reserve supreme at Perth in 1956. Purchased for the Glamis Herd at 5600 guineas, he has developed magnificently, and is undoubtedly one of the best young bulls in service to-day. Calrossie Crocus Count (by Calrossie Welcome) is surely one of the greatest stock bulls of the present day. In the Anderson Brothers' Herds he has produced many famous bulls. At Perth, in 1954, he sired Burnton Bankbook, the supreme champion, sold for 7300 guineas to Beaufort, and Burnton Rowan, Junior champion and reserve supreme at same Sale, sold for 5000 guineas to Señor Duggan, Argentine. In 1957, Crocus Count sired the reserve junior champion, Morphie Olympic, and his sons won the reserve for the group of three by one sire. Several other high-priced sons have been sold both privately and by public auction. Corrimony Golden Sovereign, out of Beaufort Augusta 3rd (dam of Bapton Aurora) by Bapton Battleship, was one of the best breeding bulls of his time. Kair Masterkey's next sire in line is Bapton Commando, by Bapton Upright. At the Bapton and Glamis Joint Sale in October, 1957, six heifer calves from Kair Masterkey's first crop sold as follows:—600 guineas, 600 guineas, 570 guineas, 500 guineas, 400 guineas, and 300 guineas, averaging £519 15/-.

- (6) **CALROSSIE HIGHLAND MONARCH** (386899), red, calved 20th April, 1951, bred by Messrs. John & D. P. MacGillivray—sire, Calrossie Welcome (368471); dam, (288627) Calrossie Goldie Lass by Glastullich Fortress (321245).

Calrossie Highland Monarch was purchased privately at Calrossie after he had been retained as a stock bull from the crop of calves that averaged £3665 10/- for thirteen at Perth in 1952. His sons include Glamis Grand Slam, sold for 5500 guineas; Glamis Newsreel, 3000 guineas; Glamis Gay Monarch, 2300 guineas; Glamis Double Dash, 2200 guineas; Glamis Gay Gordon, 1700 guineas; Glamis Rothes Knight, 1600 guineas; Glamis Grand Monarch, sold for 90,000 pesos; and Glamis Bold Monarch, sold for 85,000 pesos. Sons of Calrossie Highland Monarch won all the group prizes at Perth in 1955, as well as the reserve junior championship, and also the

champion and reserve at Aberdeen. The daughters of Calrossie Highland Monarch are very favourably commented upon by Breeders who have seen them. Calrossie Goldie Lass, an outstanding female, is closely related to the 10,100-guineas Calrossie Highland Piper, who is breeding so well for Mr. Sandy Cross, Calgary, Alberta, Canada. Glastullich Fortress, one of the best stock bulls ever used at Glastullich, sired a Perth and Royal supreme champion. At the Bapton and Glamis Joint Sale in October, 1957, nine females sired by Calrossie Highland Monarch sold as follows:—1100 guineas, 1000 guineas, 1000 guineas, 820 guineas, 800 guineas, 600 guineas, 500 guineas, 450 guineas, and 380 guineas, averaging £775 16/-.

- (7) **CRICHTON GRAND BARONET** (3770) was 2nd prize December bull at the Perth Sales in 1956, where he was purchased for 1020 guineas. He is a full brother to Crichton Grand Duke, used with success at Phopachy, whose first crop of bulls averaged £1225 at Perth in 1955, with a top price of 3800 guineas to Mr. Zuro, U.S.A.
- (8) **BAPTON ELDORADO** (369654) is one of the most successful sires of recent years, having sired Banchory Jason, who won numerous prizes in the show-yard, including the reserve male championship at the 1954 Royal Highland Show. He also sired Banchory Just Right, sold for 1700 guineas; Banchory Justin, sold in Argentina for £2200; Banchory Julian, sold in Argentina for £3200; Millhills Majestic, sold for 3000 guineas; Banchory Matador, sold for 3200 guineas; and Banchory Metaphor, who cost 3600 guineas at the Millhills Dispersal Sale, and is now stock bull in the Findowrie Herd. His first calves are showing great promise.
- (9) **CALROSSIE HYPERBOLE** (391674)—sire, Calrossie Welcome; dam, Rothes Flower by Naemoor Marshal.

Calrossie Hyperbole, red, full of breed character, has turned out to be a great sire. In his first year he sired a Perth supreme champion, Glastullich Gay Lad (6200 guineas). One uterine brother, Calrossie Jacobite, was sold for 5000 guineas to Señor Santamarina, Argentina, while another, Calrossie Christmas Carol, is at present junior stock bull at Calrossie. Rothes Flower was the top-priced cow at the Kirkton Dispersal Sale.

- (10) **MILLHILLS LIBERATOR** (397384)—sire, Banchory Jason by Bapton Eldorado; dam, Stella 29th by Calrossie Highland Leader.

Millhills Liberator was purchased at the Millhills Sale for 1300 guineas. After being used successfully in the herd, he was sold for £2000 to Sir Rupert Clarke, Bolinda Vale, Victoria, for whom he won the reserve supreme championship at the Sydney Royal Show. Prior to shipment he had been 2nd to the champion at the Royal Highland Show, and supreme champion at the Northern Counties' Show. A bull of great calibre, he has good bone and hair, and is a rich red in colour. His first calf born outside this country was female champion at the New Zealand Royal Show for Mr. E. B. Booth.

- (11) **GALLANT MARSHAL** (394338), red—sire, Erimus Gallant by Kirkton Challenger; dam, Jealous Edna by Cruggleton Perfect.

At Perth in 1956, nine bulls by Gallant Marshal averaged £2911. They gained three 1st prizes, the reserve senior and junior championships, all the group prizes, and the top price of 8500 guineas for Kinellar Napoleon, which went to Mr. Cyrus Eaton, Arcadia Farms, U.S.A.

- (12) **TRADLIN BEAVER** (4610), dark roan—sire, Gallant Marshal by Erimus Gallant; dam, Rena Beauty by Cruggleton Prescription.

Tradlin Beaver is a full brother to Tradlin Bertie, sold to the Bapton Herd when eight weeks old for 5000 guineas. Their dam, Rena Beauty, roan, is also the dam of Cruggleton Balmoral, Cruggleton Bentham, and Cruggleton Burley, all well-known stock bulls.

- (13) **CALROSSIE HIGHLAND WELCOME** (375430)—sire, Calrossie Welcome; dam, Calrossie Marie Floss by Kirkton Baronet.

Calrossie Highland Welcome sired Glastullich Highland Bob, the top-priced bull at Perth in 1953, and sold for 5600 guineas to Messrs. Duggan, Argentina. He is also the sire of the 1957 Palermo champion. In 1954 his sons won all the group prizes, and he was top sire. A daughter of his is the dam of the Perth champion of two years ago, and his full sister, Calrossie Flossy Monica is the dam of the outstanding young bull, Calrossie Fortitude, supreme champion at the Northern Counties' Show in 1957.

- (14) **ERIMUS GHOST** (387743) was 4th in the January class at Perth in 1952; supreme champion at the Royal Highland Show at Alloa in 1953; supreme champion at the Royal English Show at Blackpool in 1953; supreme champion at the Great Yorkshire Show in 1953; supreme champion at the Royal Northern Show at Aberdeen in 1953; supreme champion at the Royal English Show at Windsor in 1954; and was a member of the team winning the Burke Trophy at Windsor in 1954.

- (15) **DRUMMONDREACH ROTHES RANGER** (2433)—sire, Calrossie Debonair; dam, Drummondreach Rothes Rachel by Calrossie Balmoral.

Drummondreach Rothes Ranger was purchased at Perth in 1955 by Mr. James Schofield for 900 guineas. He sired Drummondreach Unsurpassable, 1st at Perth in 1957, and sold for 2500 guineas.

- (16) **CRUGGLETON PILKINGTON** (387120)—sire, Erimus Donald by Kirkton Challenger by Kirkton Baronet.

Cruggleton Pilkington's g.-dam, the oldest cow at the Cruggleton Dispersal Sale, sold for 1500 guineas. His g.-g.-dam is the dam of Cruggleton Perfect.

- (17) **DUPPLIN CONQUEST** (1250)—sire, Kirkton Envoy; dam, Calrossie Clipper Evelyn.

Dupplin Conquest was 3rd at Perth in 1955, and sold for 1000 guineas, and subsequently he was 1st at the Three Counties' Show and Royal Counties' Show in 1955, and 3rd at the Royal English Show in 1955 and 1956. He has not been shown since. Kirkton Envoy (by Naemoor Marshal and out of a Lawton Field Marshal cow) was the well-known stock bull at Lawton, where he sired Lawton Nelson, sold for 6600 guineas at Perth in 1950, and champion at Palermo in 1952.

- (18) **MILLHILLS CLIMAX** (346569) was junior champion at Perth in 1946, and was bought for Ballechin at 2800 guineas, where he has sired a large number of first-class stock, including Ballechin Crocus Climax, junior champion at Perth in 1948 and sold for 3200 guineas for export; Ballechin Commander, sold at Perth in 1950 for 1300 guineas; Ballechin Court Martial, sold at Perth in February, 1957, for 960 guineas; and Ballechin Centaur, sold at Perth in February, 1953, for 3400 guineas. He also sired many others.
- (19) **BEAUFORT CROSSBOW** (396129) was 1st in his class in February, 1955, and was bought for Ballechin for 3700 guineas. One of his first calves, Ballechin Rhodian, was sold to Messrs. Boots' Farms, Westdrums, Brechin, and was 2nd in his class at the Royal Highland Show at Dundee, then went to the Royal English Show, where he was reserve male champion.
- (20) **BAPTON VENTURE-ON** (392038) is the sire of Basildon Rebel, champion baby beef steer and champion steer of any age, shown by Messrs. Bristow & Sons at Smithfield in 1956; and also Basildon Critic, 3rd (for Mr. Holloway) to his herd mate, Basildon Rebel, for the championship in the baby beef steer classes at Smithfield.
- (21) **CHAPELTON CHIEFTAIN** (394064) was the winner of the Calrossie Cup, the Cornwallis Maude Trophy, and, along with Bright Fame, was the winner of the Bullrich Cup at the R.A.S.E. Show at Newcastle, in 1956. He is the sire of Chapelton Commando, 1st and reserve senior champion at Perth in 1957, and sold to the Bapton Herd for 5100 guineas.
- (22) **ERIMUS FOKINE** (382649)—sire, Kirkton Challenger.

Erimus Fokine (one of the best sons of Kirkton Challenger) is the sire of Chapelton Bright Fortune, reserve for the Calrossie Cup and Cornwallis Maude Trophy at the Royal English Show in 1956, and also of Chapelton Bright Fashion, 1st prize winner and winner of the Calrossie Cup, and of Bright Baroness, along with Chapelton Bright Fashion, winner of the Bullrich Cup at the Royal English Show in 1957.

- (23) **CRUGGLETON PEART** (391883)—sire, Cruggleton Elvin; dam, Princess Astra; g.-dam, Princess Cembra.

Cruggleton Peart is by Cruggleton Elvin, 1st and junior champion at the Royal Highland Show, and 1st at the Royal English Show, in 1949; dam, Princess Astra, whose dam, Princess Cembra, was sold at the Cruggleton Dis-

persal Sale (when she was 11 years old) at 1500 guineas. Cruggleton Peart is now stock bull in the herd of Señor Enrique Santamarina, Las Heras, Argentina, and Pearl Clipper is his only daughter in this country.

- (24) CRUGGLETON CUPBEARER (387101)—sire, Cruggleton Raeside.

Cruggleton Cupbearer was 1st in his class and second reserve champion at Perth in 1952, where he was sold to South Africa for 2100 guineas. His sire, Cruggleton Raeside, was 1st and junior champion at the Royal Highland Show, and reserve male champion at the Royal English Show, in 1950, and sold at Perth in 1951 for 4500 guineas to Pittodrie.

- (25) CALROSSIE CROCUS COUNT (386892), in four crops of calves at Perth, has produced one supreme champion, two reserve supreme champions, and one junior reserve champion. His sons head leading herds in many parts of the world, including Beaufort, Banchory, Chapelton, Corsindae, Old Echt, and Newhouse of Glamis, in this country; Sittyton, El Dia, La Loma Alta, La Pastorale, and Los Mimbros, in Argentina; Aberfeldy and Moray Farms, in Canada; Marellbar, etc., in the U.S.A.; and also in Australia and South Africa.

- (26) UPPERMILL METAPHOR (333383)—sire, the 1550-guineas Lawton Rear Admiral; dam, Collynie Mabel 5th by the 2100-guineas Rosehaugh Mandarin.

Uppermill Metaphor gained 1st prize and championship at the Royal Northern Show at Aberdeen in 1948 (the only time shown). He is the sire of Princess Minerva and Princess Maude, the female champions at the Royal Highland Shows in 1953 and 1954, and grandsire of Princess Maria, the female champion at the Royal English Show at Nottingham in 1955.

- (27) ERIMUS HANSARD (392495)—sire, Calrossie Evening News; dam, Rothes Queen Celeste by Kirkton Challenger.

Erimus Hansard is the sire of Uppermill Leopold, sold at Perth in 1956 for 7100 guineas to Messrs. Boots, Westdrums, Brechin. Two bulls got by him sold at Perth in 1956 averaged £4305.

- (28) KAIR LODESTAR, bought for 1400 guineas in 1956, is a son of Calrossie Crocus Count, one of the most successful sires in use to-day. The dam of Lodestar is by Bapton Commando, another famous sire, and the granddam by Kair Banker, sire of two Palermo champions.

- (29) GLASTULLICH GAY LAD (6172) was supreme champion at Perth in 1956, and purchased for the Gotwick Herd for 6200 guineas. He has only been shown twice, at Tunbridge Wells and Edenbridge, where he was supreme champion on both occasions in 1956. He has not been interrupted in his work since.

- (30) **CALROSSIE CONSTELLATION** (396200), red, calved 1st March, 1953, bred by Messrs, John & D. P. MacGillivray—sire, **Calrossie Welcome** (368471); dam, (318927) **Calrossie Flossy Beau** by **Kirkton Baronet** (335904).

**Calrossie Constellation**, undoubtedly the bull of the year, has retired from the show ring as the only undefeated bull of any breed last year. His breeding record to date is well known. He is the sire of the 15,000-guineas **Bapton Constructor**, the 7000-guineas **Bapton Cairnbrogie**, and many other top-priced bulls. His seventeen sons sold to date have averaged £3471 each, and his first daughter, **Bapton Ramsden Julitha**, won the female championship at the 1957 Royal English Show, while another daughter sold for 2000 guineas at the **Bapton/Glamis Reduction Sale**.

- (31) **BAPTON BALMORAL** (6405), red, calved 21st February, 1955, bred by Mr. Cecil Moores—sire, **Cruggleton Balmoral** (381877); dam, (395362) **Roths Queen Clyte** by **Kirkton Challenger**.

**Bapton Balmoral** was sold to **Millhills** for 2400 guineas in 1956. Later that year he was re-sold at the **Millhills Dispersal Sale** for 5500 guineas to **Calrossie and Glastullich**, where his first calves are very promising. **Roths Queen Clyte** is a full sister to **Erimus Emeritus**, who did such yeoman service in the **Westdrums Herd**.

- (32) **BAPTON CONSTRUCTOR** (6414), red, calved 25th January, 1955, bred by Mr. Cecil Moores—sire, **Calrossie Constellation** (396200); dam, (431434) **Aldie Augusta Johanna** by **Aldie Jonathan Adonis** (386875).

**Bapton Constructor**, the first son of the famous **Calrossie Constellation** (see Reference to Sires (30)), was sold for the record price of 15,000 guineas to **Louada Manor Farms**, **Peterborough, Ontario**. He left nine calves in the **Bapton Herd**, and one of these, **Bapton Crocus Lita**, was sold for the record female price of 3300 guineas to **Sandy Cross** at the **Bapton/Glamis Reduction Sale** in October, 1957, while another daughter was sold for 600 guineas. One of his bull calves, **Bapton Roan Robin**, is being retained as a junior stock bull in the herd. His first son sold by public auction in Canada was **Burnton Gordon**, who made the top price of 13,000 dollars at the **Louada Sale** on 21st October, 1957. Another son made the second top price of 6000 dollars.

- (33) **KIRKTON HERCULES** (381696), white, calved 22nd February, 1950, bred by the late Mr. K. P. MacGillivray—sire, **Kirkton Baronet** (335904); dam, (318953) **Roths Carlotta** by **Naemoor Marshal** (345049).

**Kirkton Hercules** was an outstanding sire in the **Bapton Herd**. His females have tremendous character, and are offering to breed very well, especially to **Bapton Constructor**. Note that **Bapton Roan Robin**, the calf we are retaining, and **Bapton Crocus Lita**, the record-priced female, are both out of **Kirkton Hercules** dams. **Kirkton Hercules** is the sire of **Bapton Aurora**, sold for 5000 guineas, and whose three sons won the **Pittodrie Cup** last year at **Perth**, and included the supreme champion, **Bapton Controller**. Three of his daughters won the **Duthie Prize** at the **Royal Highland Show** in 1956.

- (34) **BAPTON CUP FINAL** (2592), white, calved 1st May, 1954, bred by Mr. Cecil Moores—sire, Kirkton Hercules (381696); dam, (321465) Bapton Mabel by Bapton President (345712).

Bapton Cup Final is uterine brother to Bapton Venture On, who is breeding so well in Mr. Hope's Basildon Herd. He was sold at a high figure to Mr. George Dugdale, Australia, and before being exported, was only used on two females. His daughter, Bapton Augusta Nanette, was sold for 750 guineas to Mr. James Grigor, Lentrane, at the Bapton and Glamis Joint Reduction Sale in October, 1957.

- (35) **PITTODRIE NOAH** (7124), roan, calved 9th April, 1955, bred by Mr. R. Laidlaw Smith—sire, Cruggleton Raeside (375677); dam, (356772) Pittodrie Broadhooks Gela by Millhills Despot (355381).

Pittodrie Noah, 2nd prize winner at Perth in 1956, was purchased for the Philorth Herd for 5000 guineas. His full brother, Pittodrie Kano, was used in the Bapton Herd for one season, before being exported to Señor Matilde Baureen, Argentina. He was a prominent prize winner in 1954.

- (36) **CALROSSIE GOOD NEWS** (368449), red roan, calved 22nd March, 1948, bred by Messrs. John & D. P. MacGillivray—sire, Kirkton Baronet (335904); dam, (250934) Calrossie Flossy Rose by Lawton President Roosevelt (308482).

Calrossie Good News won 1st prize at Perth in 1949, and was reserve junior champion, and a member of all the championship groups. He was sold to Saltoun for 6000 guineas, in which herd he proved an outstanding success, not only by his sons, because his females in the Saltoun Herd are outstanding.

- (37) **BAPTON NORTHWARD BOUND** (6423), dark roan, calved 26th May, 1955, bred by Mr. Cecil Moores—sire, Calrossie Hyperbole (391674); dam, (397601) Fair Clipper 45th by Calrossie Highland Leader (352909).

Bapton Northward Bound was born en route when the Bapton Herd moved from Delaware Farm, Kent, to Cairnbrogie, Aberdeenshire. Fair Clipper 45th was the unbeaten female champion of Britain in 1956. This is the only bull calf by Northward Bound born in 1957.

- (38) **KIRKTON HEIR** (381695)—sire, Kirkton Baronet; dam, Augusta Flora by Naemoor Marshal.

Kirkton Heir is the sire of the reserve female champion sold at Perth in February, 1953, for 750 guineas; of the 1st, 2nd, and 3rd prize-winning bulls; and of the reserve group of three bulls by the same sire. He is also the sire of Baldowrie Aladdin, the junior and reserve supreme champion at Perth in 1955, where he was sold for 7000 guineas to Señor Santamarina, and his progeny made the top herd average. Kirkton Heir has an outstanding head, and has proved a most potent sire.

- (39) CRUGGLETON JUSTINIAN (387109)—sire, Calrossie Harmony; dam, Jealous Elsie by Cruggleton Willingdon.

Cruggleton Justinian, purchased for £4410, is sired by Calrossie Harmony, the sire of Calrossie Welcome, the famous stock bull at Calrossie. Cruggleton Justinian's dam, Jealous Elsie, by Cruggleton Willingdon, was sold at the Cruggleton Dispersal for 600 guineas. Cruggleton Justinian has been used successfully in the Ballathie Herd for four years, and has recently been sold to one of the leading herds in Australia. His last crop of heifer calves is an exceptionally uniform lot, with tremendous substance and abundant fleshing qualities.

- (40) UPPERMILL ROYAL OAK (4978)—sire, Uppermill Bonus.

Uppermill Royal Oak is a very good bull. He was 5th in his class at Perth, and was bought for 3100 guineas. During 1956 he had considerable success at the English Shows, winning 1st prize and reserve male champion at the Bath & West Show, 1st at the Royal Counties' Show, and 1st at the Three Counties' Show.

## CONDITIONS OF SALE

---

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of the Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of the Scottish Shorthorn Breeders' Association, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a bull or heifer.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates' Herd Book by the person whose name appears as the Exposer, but every animal is sold subject to all faults otherwise, with the exception that if a bull has only one Testicle down, the Owner must make intimation to this effect in the Catalogue. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Company at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum*

*per Annum* and for the keep of, and any other expense incurred by them in connection with such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Sale Roll.
- (b) The option to test shall only operate in the case of bulls realising 75 guineas or over, and females realising 50 guineas or over. The Purchaser may require the Intradermal or Subcutaneous Test for Tuberculosis. The Purchaser may also require the animal to be submitted to an Agglutination Test for Contagious Abortion at a Laboratory approved by the Ministry of Agriculture, and to a test for John's Disease with the biological product known as Johnin. Notice in writing of the intention of the purchaser to carry out such tests must be given to the Auctioneers before, or immediately after, termination of the Sale.
- (c) The test shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be chosen by the Auctioneers.
- (d) The test or tests shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing. The time for testing shall be limited to three weeks after Sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable.
- (e) The declaration of the chosen Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the test, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to test is exercised, the Auctioneers shall be entitled to retain the price until the result of the test is declared.
- (h) The expense of any such test or tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within sixteen weeks from the date of the Sale, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within sixteen weeks of the Sale. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph) less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull or within sixteen weeks of the Sale, whichever is the earlier date.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females born after 1st August, 1954, must be certified to have passed the Agglutination Test for Contagious Abortion within three months of date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to an approved laboratory. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. The entry of any animal which has not passed the Agglutination Test but which has been vaccinated, can only be accepted providing that one of the following certificates (signed by a Veterinary Surgeon) is supplied:—

- (a) That the animal was inoculated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or

- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale, or
- (c) That the animal having been previously vaccinated in accordance with either (a) or (b) was re-vaccinated within three years of the previous vaccinations and not more than three years prior to date of Sale.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this Condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate the Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be established and made as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Shorthorn animal registered in Coates' Herd Book and sold at this Sale, such dispute shall be referred to the Council of the Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.
